

SATs Data 2018-19

Please note, these results are NOT current as the 2019-20 or 2020-21 assessments did not take place due to the Covid-19 lockdowns

Also, the government will not publish KS2 school level data for the 2021 to 2022 academic year. They have archived data from the 2018 to 2019 academic year because they recognise that the data from that year may no longer reflect current performance.

Analysis of 2018-19 Key Stage 2 Results

Average Scaled Score Reading 106.7 (national average 104)

% age of children at Expected Standard in Reading, Writing and Maths	68%	65%
% age of children exceeding Achieving a High Standard in Reading, Writing, Maths	16%	11%

Progress from Key Stage 1 to end of Key Stage 2

A school's progress scores in English reading, English writing and mathematics are calculated as the average of its pupils' subject progress scores. These scores give an indication of whether, as a group, pupils in the school made above or below average progress in a subject compared with pupils with similar starting points in other schools. The National Average is '0' so anything below zero is below the National Average and anything above is above the National Average.

	School	National Average
Children making expected progress in Reading	+3.7	0
Children making expected progress in Writing	+2.2	0
Children making expected progress in Maths	+2.7	0
